

IEEE Wireless Communications and Networking Conference
19-22 March 2017 • San Francisco, CA, USA

IEEE WCNC 2017 EXHIBITOR BROCHURE

About the conference

IEEE WCNC is the only IEEE conference focused exclusively on wireless research, technology, and applications. It brings together thought leaders from industry, academia, government agencies and other institutions to exchange information and ideas on advancing the state-of-the-art in wireless communications and networking.

Located in the heart of Silicon Valley and amidst many prestigious universities, IEEE WCNC'17 will be a catalyst for bringing together participants from academia and industry to help foster new connections and ideas. The conference will feature a comprehensive technical program with tracks on wireless research, technology, applications and services. In addition, IEEE WCNC'17 features a greatly expanded industry program, including a large exhibition hall showcasing the latest wireless technology, industry-focused keynotes, panels, tutorials and workshops, as well as a startup city showcasing the most promising startups in the wireless domain. This expanded program will provide unique opportunities for industry professionals to share and learn about the latest ideas, trends, and product innovations in the wireless industry. A student recruiting event is also planned. Details on the program as well as the call for proposals on tutorials, workshop and panels can be found at the conference website: wcnc2017.ieee-wcnc.org.

Exhibitors

Exhibitors will have a unique opportunity to showcase their technology and products to WCNC'17 attendees and patrons in an expansive exhibit space adjacent to the plenary lecture hall and startup city. The booth sizes and pricing are as follows (pricing includes 6 exhibits-only badges; other booth sizes are also available):

Booth Pricing:

10x10 Booth: \$3,300

15x10 Booth: \$4,800

20x10 Booth: \$6,600
